The screenshot shows a web application interface. At the top, there's a header with three colored circles (red, green, blue) on the left, followed by standard browser controls (back, forward, refresh, address bar with 'http://'). The address bar also has a star icon and a menu icon.

The main content area has a brown background. It features a large, stylized 'Heading!' title in a black, rounded font. Below the title is a large, hollow five-pointed star icon. Underneath the star is a navigation bar with buttons labeled '<< 1 2 3 4 5 >>'.

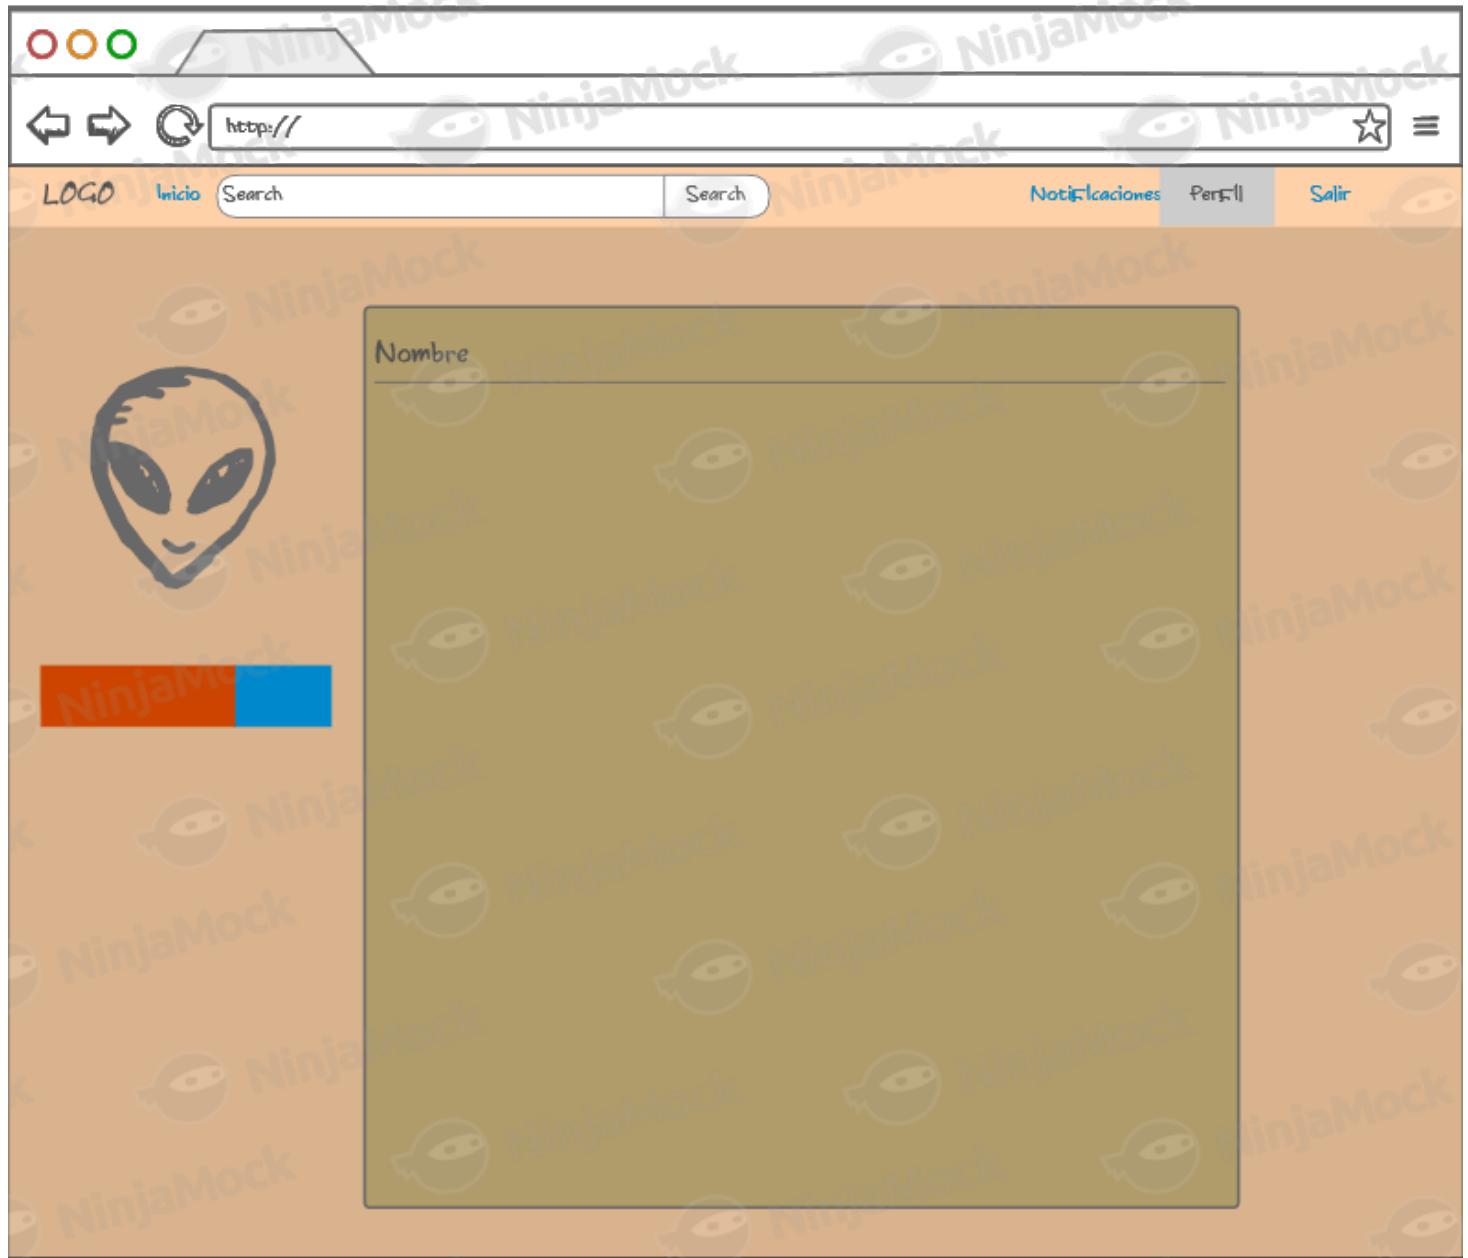

To the left of the main content is a white sidebar with a large 'X' mark. Inside the sidebar, there are four small thumbnail images of landscapes.

On the right side of the main content, there's a floating modal window with a light gray border. It contains a list of items:

- List view item
- Selected list view item
- Some other list view item
- Separated list view item

At the bottom of the page, there's a footer section with a large 'X' and some placeholder text: "Lorem ipsum dolor sit amet, consectetur adipisicing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad". This text is repeated three more times below it.
